Local Happenings

Mr. and Mrs. Victor Miller and son Michael Bruce of Lethbridge visited here this week attending the Kitchen-Cooper wedding.

Mrs. Lella Findley and children of Picture Butte visited here last week for a few days at the home of her sister Mrs. J.O. Hicken.

Mrs. Thomas Allan left Tuesday for Vancouver where she will visit for some time with her daughter.

The Misses Lura and Vilo Redd of Salt Lake are enjoying a visit here with relatives.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Sidney A. Ralph announce the engagement of their daughter Bernice to Jack McLean, eldest son of Mrs. Lyle McLean, all of Raymond. The marriage will take place in Raymond July 23rd.

Mr. and Mrs. John Smith and baby son spent last week end in Hillspring visiting with Mr. Smith's parents.

Mrs. Carlyle Litchfield entertained recently at rock, complimentary to Mr. and Mrs. Jerome Platt.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. George Loxton of Magrath announce the engagement of their youngest daughter Nelda Carolyn to David Lee Bullock, second son of Mr. and Mrs. E.K. Bullock of Welling. The marriage is to take place July 21st, at the Alberta Temple, Cardston.

Maxine and Gail Piegras are spending a holiday in Edmonton visiting with their sister Phyllis.

Mrs. Zetella Taylor entertained Thursday afternoon in honor of her sister Mrs. Maureen Taylor and Mrs. Barbara Zabriskie of Provo and Mrs. Rose Marie Slover, Brookline, Mass., and Mrs. Maralda McKay of Salt Lake City.

Rooms were gaily decorated with yellow roses and white daisies and six tables of rock were enjoyed, honors going to Mrs. Norma Wood.

Mrs. Stella King Hill of Seattle is visiting her parents Mr. and Mrs. L. D. King.

Mrs. Joyce Barker and Mrs. May Tolstrup were hostesses to the Ladies Literary Club Thursday at the home of the former. An interesting review of the book "Pilgrim's Inn" was pleasingly given by Miss Kathleen Taylor. A dainty lunch was later enjoyed.

BORN — To Mr. and Mrs. Rene Audinaert (nee Betty Still) a daughter.

Sunday was reunion day for the Redd families. Here from out of town were Mrs. O. W. Urseback, and Mrs. Fern Laycock, Lethbridge; Mr. and Mrs. Sterling Snyder and family of Alhambra, Cal.; and the Misses Lura and Vilo Redd of Salt Lake and Mrs. Walt Webster of Lethbridge.

Doug Litchfield is working in Taber.

Sugar Room girls of the Canadian Sugar Factories staff were hostesses Friday night at a party for members of their staff who are leaving Raymond, Mrs. Gladys Liddle, Misses Lorraine Shaw and Lucille Thom-

pson. The party was held at the home of Miss Evelyn Thompson and a very enjoyable evening is reported. Honors for Court Whist went to Mrs. Martha Taylor, Mrs. Melba Atwood and consolation to Christine Smith and Jennie Bartosak. A delicious chicken supper was served.

Mrs. Gladys Liddle left at the week end for Waterton where she will join her family. Lorraine Shaw and Lucille Thompson are leaving Sunday for Calgary where they will take comptometer courses.

Mrs. Ruby Surenok and three children of Chancelotti, Ohio, arrived here to spend the summer with her parents Mr. and Mrs. Gedigo Heggie.

Miss Lavon Fawns spent the week end here with her parents from her home in Calgary.

Mr. and Mrs. L. M. Adams had as dinner guests Sunday Mrs. Adams' father C. H. Eveson of Salt Lake, Mr. and Mrs. M. P. Strong, Miss Beth Eveson, Lethbridge; Grove Eveson, LeGrande, Oregon and Dale Anderson of Salt Lake.

A dusting of brown sugar round pudding basins will give boiled or steamed puddings a crusty, caramel flavor.

Mrs. Ethel White Richardson Passes Away

Death came early Monday morning to Mrs. Ethel White Richardson, wife of David S. Richardson.

She with her family has made their home here for many years and were well known and respected in this community.

She leaves to mourn her husband one daughter Mae, (Mrs. George Clifton, Rosemary), and six sons, Clarence, Calvin, Ralph, Melvin, Gary and Carl. Her eldest son Ernest died from an accident at the St. Mary's River Dam project a few months ago.

Also surviving are two brothers, one in Seattle Washington and one in Chateau, Montana.

Funeral arrangements have not yet been completed.

Mrs. Eva Mooring and small son of Edmonton are visiting her parents Mr. and Mrs. E. S. Hawk.

Visiting here from Spokane are Mr. and Mrs. Ben Pullen, the latter a niece of Mrs. Joseph McLean.

Mrs. L.E. Lewin of Tracy B.C. is a visitor here at the home of her daughter Mrs. Ike Kitepen, having come to attend the wedding of her grandson Lloyd.

Mr. and Mrs. Frelan Dahl entertained Sunday evening for Mr. and Mrs. Sterling Snyder of Alhambra, Cal. and for Mr. and Mrs. Frank Atterton who are leaving Raymond to reside in Wash. Twenty five guests enjoyed a pleasant social evening. The hostess served a delicious lunch.

Mr. and Mrs. H. F. Allen spent a few days in Calgary this week, their daughter Katherine returning with them.

Mrs. Hattie Woolley has returned from Salt Lake City where she spent the winter.

Two Winning Entries In Creative Writing

In the recent Creative Writing Competition for Alberta School, sponsored by the Alberta Chapter I.O. D.E. in conjunction with the Department of Extension, University of Alberta and the Alberta Writers Conference, two Raymond young people won high praise.

In the poetry division Miss Shirley Allen won second place with her poem "Summer on the Prairie".

In the Short Story Division Lawrence Kotkus won first place with his story "He Feeds Doves".

Both these young people attend the Raymond High School here.

Cash awards accompanied all winners.

South in Alberta is very well with a goodly portion of the population to this area. The people are to be congratulated on their ability and interest in the development of their cultural development.

Legion to Sponsor Mitchell Cain Magic Show July 12

Mitchell Cain, world's greatest magician and comedian, who is touring the U.S. and now on his way to Alaska, will present his spine tingling, baffling and fantastic mystery and side splitting comedy at the Opera House on Monday, July 12 at 8:30 p.m.

Mitchell Cain did shows during the war, not only with the U.S.C. in the U.S. along with other Hollywood talent, but did shows all over Europe when even the Crowned heads of England have seen and applauded him.

CHURCHMEN SAIL: When the Canadian Pacific liner Empress of Canada cleared from Montreal recently (June 12) for Liverpool she carried a group of Anglican and Episcopalian bishops who will attend this summer's Lambeth conference

GRAND APPOINTMENT: B. McAlister, recently appointed general manager of the Canadian Pacific Express Company with headquarters at Toronto, has filled a wide range of positions at Revelstoke, Penttara, Skeena, Kelowna, Nelson, Kamloops, Vernon, Fernie, Cranbrook, Victoria, and Toronto. He has been assistant general manager in Toronto since December 31, 1945.

Local Firms Buy Calf Club Entries

Raymond was well represented at the Lethbridge Fair this year with 13 of 42 entries being from this town. The Junior Feeders from Raymond stepped out with 1st, 2nd and 3rd place with Joanne Brandley taking top honors, Norma Dahl 2nd and Ross Paxman 3rd.

Latons purchased the 1st place winner at \$1. a pound and the 2nd place winner for \$30c.

Raymond business firms were also active in the bidding at the show and several of the calves were purchased by them as follows:

Ross Paxman calf 3rd place winner was purchased by Burns for 26 3/4c. H. C. Winkler calf purchased by the Canadian Sugar Factories for 25c. Peter Brandley calf went to Burns at 23c. Peter Brandley calf went to the Southern Alberta Co-Op for 22 1/2c. Arthur Hironaka calf was bought by Raymond Mercantile for 23 1/2c. Marshall Hironaka calf went to Union Packing for 22 3/4c. Joseph Stevenson entry went to Dahl Brothers for 23c. Mary Horvath entry was purchased by S. B. Card and sons at 23 1/4c. David Dahl entry went to Scott's Farm Supply for 23c. Alice Milner calf went to Wm. Gentleman for 19c and Ray Stevenson entry was purchased by the City Abattoir for 18 1/2c.

with magic flowers.

Hypnotizing of floating woman is also one of the show features.

This show is sponsored by the Raymond Branch of the Canadian Legion B.E.S.L. in support of the Legion Memorial Hall now under construction at Raymond.

Legion To Take Part In Parade

All war veterans are reminded to report for parade in support of the Dominion Day Celebration and opening of the Raymond Stampede on July 1st at 10:00 a.m. at the Stake House. A large body of marching Veterans will also be indispensable in connection with the Legions traditional float that will take part in the general parade.

In support of the Raymond Rodeo to accommodate the public that will attend the show, the local Legion undertakes the provision of the daily programs at the Stampede Grounds. Proceeds from the sale of these programs will go to boost the Legion Memorial Hall fund. It is hoped that the public will take notice of this intention and will support the project whole heartedly by purchasing a program for each man and woman attending the rodeo.

Further contributions to the Legion Building fund are gratefully acknowledged:

F.R. Taylor \$50.00
Previously acknowledged \$1246.80
Public subscription to date.....\$1296.80
Returns from special event \$185.10

Attention of the people of Raymond and district is hereby drawn to the fact that to help with the funds for the Legion Memorial Hall now under construction, the Legions sponsor "Mitchell Cain's Magic Show" which will be presented by that world famous magician in the Raymond Opera House on Monday July 12th, at 8:00 p.m.

All are advised to watch for detailed announcement and advance sale of tickets that will be available shortly. Get your tickets early in order not to miss the opportunity of seeing this exceedingly interesting and entertaining show full of fun, mystery and thrills.

Joan, the small daughter of Mr. and Mrs. A. F. Bullock and the misfortune to run her hand through the wringer of the washer, it bruised her hand quite badly.

Mr. Glen Woolley of Toronto has been visiting his sister Mrs. J. L. Gibb.

Mrs. Altha Peterson and Mr. J. L. Gibb attended the M.I.A. Convention in Salt Lake City.

On Wednesday evening the Weinheimer family had as guests Mr. and Mrs. Murray Wilde and Mr. Jay Salmon of Picture Butte. Mr. Salmon has no wife for Australia where he will perform a mission for the L.D. S. Church.

A shower was given Wednesday afternoon at the High School for Miss Bernice Beveridge, who has taught here the past two years. Her marriage will take place in September. She received many beautiful presents. The program and lunch were much enjoyed.

The school closing dance was held on Monday night. A rather small crowd was present due to road conditions.

My Week

by R. J. Deachman

This is a serious article. It deals with waste and we who pay the taxes in this country cannot afford to waste money or effort nor to limit in any way our capacity to produce.

This story deals with a matter of expenditure and also with the problem of health. We have made marvelous progress in the campaign against disease but the battle will never end. In some areas there has been success and in other areas progress has not been quite so great. I want to deal with only one issue, the death rate from tuberculosis. The following table tells the story:

	Deaths per 100,000
Saskatchewan	17.5
Alberta	18.7
Ontario	22.5
Manitoba	25.8
British Columbia	38.2
Prince Edward Island	42.5
Nova Scotia	53.0
New Brunswick	55.0
Quebec	70.0

Note particularly the fact that in the two prairie provinces of Saskatchewan and Alberta the death rate is particularly low. A part of this is no doubt attributed to the fact that there is a tendency on the part of the population of these two provinces to migrate to British Columbia later in life and no doubt a part of the British Columbia death rate—it is actually double that of Saskatchewan and Alberta—arises from this fact.

Now take the four eastern provinces, Prince Edward Island, Nova Scotia, New Brunswick, Quebec, the death rate is three or four times the Western level, even if we include Manitoba. What is the reason? They have failed in their attack upon the disease. The methods used have had a large measure of success in the other provinces. Quebec at least is checking up in regard to this and later figures show a marked decline. These figures support another argument, and a very valid one, we are making provision for a thirty million dollar a year expenditure on health and medical services. It is to be divided among the different provinces in proportion to population.

Be clear about this, we have no money to waste, our objective is to improve the general health of the people of the Dominion. What we need instead of a general expenditure covering the whole country is aid according to need. If we find in some provinces that health has been neglected the government might very well come through with a suggestion that it would make a certain contribution to the effort providing the provinces also would put up their share.

Further it is essential that under present conditions the attack should be made upon the disease. We have almost eliminated certain diseases. Typhoid is more or less a rarity. Modern medical treatment has greatly reduced the death rate in pneumonia; the death rate among children has declined sharply in the last few years. Here again education has been the factor, a growing intelligence has given up a broader knowledge of babies and how to feed them. Our task is to concentrate upon the areas where the death rate is high, upon diseases which are gaining, perhaps temporarily the upper hand and upon certain classes among our population where the death rate is extremely high, especially that of tuberculosis among the Indians.

WILL DISCUSS PLANS FOR DRIVERS TESTS

Tests of applicants for drivers' licenses to ensure that they are qualified is to be discussed again with the provincial authorities by the Alberta Motor Association.

This subject came up at the recent meeting of the provincial board of the A. M. A. in Edmonton.

It was stated that while the prairie province had not gone ahead with plans to bring an improved system into operation this year, it is envisioned by means of the large fund being built up under the Automobile Accident Indemnity Act. This fund now is believed to be well in excess of \$150,000 and only a few claims have been made against it.

In all probability, steps will be taken to tighten up the regulations next year in connection with drivers tests.

Provincial authorities explained when the plan was not proceeded with this year that various details still have to be worked out.

A representative of the A.M.A. is to contact the government and this will be reported on at the next meeting of the board.

A new assistant farm broadcaster in the CBC's Prairie Region is Bob Graham, who will be stationed at Edmonton. He is a native of Hillcrest, Alberta, and a graduate in agriculture of the University of Alberta.

A.M.A. TO REQUEST OILING OF HIGHWAYS

Improvements to highway surfacing were among the needs urged when the provincial board of the Alberta Motor Association held its semi-annual meeting recently in Edmonton.

The directors adopted a resolution requesting the provincial government to oil all gravelled roads leading to the national parks in Alberta and as far as possible all other gravelled roads to be oiled.

Attention is drawn to the serious risk of accidents and the menace to health caused by dust conditions on the highways. Also, the federal government is making large outlays in the parks to attract tourists, making it all the more necessary for Alberta roads to be made dust-proof.

The A.M.A. board also took up the question of improved conditions on roads where construction or repair crews are at work. The provincial authorities will be asked to post clear notices of such work and detours. It says that where weather or other conditions make the road or detour impassable, tractors or other equipment should be provided by the government contractor to ensure motor vehicles getting through without delay.

"The government is not going to establish an over-all price ceiling or an over-all control of wages", said finance minister Abbott in Parliament in answer to a straight question why the government intends to do to curb the still rising cost of living, with the Minister stressing the government "has neither the constitutional power, nor an electoral mandate to do so."

COST OF SESSION

The man in the street across Canada will be interested to learn that the cost of this session of Parliament, not including members' salaries from December 5, 1947 to January 25, 1948 involved \$102,030.54 for the House of Commons and \$16,565.98 or a total of \$118,596.52. This amount includes cost of sessional staff printing and travelling expenses for Christmas recess, but it does not include salaries for permanent and continuous temporary staff employed the year round.

NO MINISTER

It is evident now that the Canadian government is not considering to name a special Minister for tourist traffic. "I do not think the Government ever considered appointing a minister for Tourist Traffic", said a spokesman for the government.

HOUSING PROBLEM FOR M.P.'s

"The Hon. gentleman says that when he comes from afar to Ottawa he has trouble in finding a flat or an apartment or a house", declared Public Works Minister Fournier in the House of Commons. "That condition exists all over the country, not only for Members of Parliament. There are a lot of other people who complain and perhaps with reason."

SAID IN THE CAPITAL

"While inflation may be bad and takes time to control, it should never be forgotten that there is one thing worse than inflation and that is depression", said Premier King here.

PLANS ARE GOING AHEAD

In face of the change at top level of the Board of Transport Commissioners wherein Mr. Justice Archibald will take over as Chief Commissioner of this body it is expected here that the board will go ahead with its plans for a general nationwide freight-rate inquiry ordered by the Canadian government.

"With our present tax burden we are playing into the hands of those who would like to make this a dictatorial state", Senator John T. Hais told the Senate.

"We, your neighbors are not jealous of your industrial expansion, your power of place and influence in world affairs", remarked Col. H. M. Bankhead, retiring Commercial Attaché of the U.S. embassy here having served 27 years in Canada.

The problem of homes for the working men comes up time and time again, but surely they are entitled to adequate housing", emphasized the distinguished Canadian architect, A. J. Hazelgrove in an address here urging low rental homes.

We do not talk about, brag about or appreciate this land which is the finest piece of real estate in the world", commented the Director of the Canadian Travel Bureau D. Leo Dolan, stressing Canada's value as a nation.

"We could begin with a union catalogue of all the collections of books across Canada and ascertain where they are situated" said the newly elected president of the Canadian Library Association, Miss Elizabeth Daffoe discussing the setting up of a national library for all Canada.

WEEKLY WIND-UP

If the postal rates were reduced by one cent in Canada the loss of revenue would be from \$11 to \$14 million annually it is reported here though it is known that postal rate cuts are favored by a great many Canadians now.

Divorce is more to be feared than other current evils which the more publicized in Canada at the moment and a demand has been made in the

House of Commons that the Government should strive through education to discourage divorces.

Civil servants in this capital are really angry over a personal question which some of them are being requested to fill out in quintuplicate forms, asking for information about the present employment of their relatives and all sorts of details which appear entirely unrelated to their jobs.

A newly installed cooling system for the House of Commons provides rather comfortable temperatures even when the thermometer outside

By DR. F. J. GREANEY, -

Director,
Line Elevators Farm Service,
Winnipeg, Manitoba.

A Mobile Agricultural Exhibit

The Line Elevator Companies, sponsors of the Farm Service Department, are pleased and proud to announce the introduction of the first "Mobile Agricultural Exhibit" in Western Canada. Line Elevators Farm Service, Agricultural Display, Mobile Unit No. 1, is the "New Look" in educational exhibits. It is a complete "Agricultural Show" on wheels.

The objective of this modern, well-planned, travelling agricultural exhibit are: (1) To give prairie farmers the latest information resulting from research and demonstration; (2) To foster interest in new solutions to important farm home, and community problems: soil erosion, weed control, farmstead planning, rural electrification, etc.; (3) To serve Western farmers in an educational way through small country fairs, field days, and other agricultural meetings; (4) To bring to the attention of prairie farmers the many valuable agricultural services performed, and offered by Line Elevators Farm Service (Publications, seed testing services, weed identification and control; field crop variety demonstration plots, assistance to Junior Farm Clubs, agricultural research assistance, etc.); (5) To co-operate with all existing agricultural organizations in furthering the interests of agriculture in Western Canada.

During June, July and August, Line Elevators Farm Service, Agricultural Display, Mobile Unit No. 1, will visit many small country fairs, field days, and other prominent agricultural events in Manitoba, Saskatchewan and Alberta. Attractive panel exhibits, assembled inside the main body of the Unit, will feature soil erosion, chemical weed control, farmstead planning, farm accident prevention, and other important agricultural problems. The unit carries its own power plant, public address system, record-playing device, and "sound" motion picture equipment.

We hope all our readers—farmers, country grain buyers, and others—will visit our Mobile Agricultural Exhibit when it is on display at their local Agricultural Fair or Field Day. Watch your local newspaper for further announcements.

**SENSATIONAL STORIES**

Some "sensational stories" have been told about the so-called "austerity taxes" which were imposed to supplement the Canadian Government's program of bans or restrictions to conserve U.S. dollars, including alleged grumblings of Liberal backbenchers against these policies, rumors that the Government has decided to throw overboard these taxes because they were proving unpopular, and others of a kind to make headlines. However, veteran observers backstage in this capital are not impressed with these sensational stories because they know that the taxes like all taxes, are not popular of course, but not such different than the fiscal device used during the war in emergency. In this case the shortage of U.S. funds was the emergency and these taxes aimed to limit purchases of certain goods that directly or indirectly caused expenditure for steel and other imported parts or materials.

In simple everyday language, if the taxes did not accomplish this objective, they would be lifted or changed and in every event they were only temporary measures. Consequently there has been a tendency here among observers to "tone down" the sensational implications of stories pertaining to the lifting of these taxes. Indeed, the Government's activities to keep down the cost-of-living index have deserved more headlines than these "sensational stories" about alleged tax grumblings.

ACTION OF PARLIAMENT

"It would require action by the Canadian Parliament," said External Affairs Minister St. Laurent in the House of Commons replying to a question if it would require legislation by Parliament for possible union of Newfoundland and Canada to be consummated. "I do not think this Government or any other Government would venture to consummate a thing of such magnitude without having it decided by the Parliament of Canada."

Mr. St. Laurent also made it clear that the degree to which the consent of the population of Newfoundland would require to be expressed would have to be appraised by those who are responsible for Newfoundland affairs. "If the government of Newfoundland having consulted the population, represented to us that the population wished confederation to be consummated I think we would not go behind that declaration to examine to what extent they were justified in making such a representation," Mr. St. Laurent declared.

"I hope there will be a clearcut decision in this second vote," he said. "I have hope it will not be so close as to leave us in the embarrassing position of having to take in a large group of recalcitrants or having to renounce the opportunity of completing what the Fathers of Confederation originally intended."

OUR ATOMIC AGE

In these days of political controversies, talk of war etc., it is pleasant to report from Parliament Hill something of an entirely different nature which may prove to be of great benefit to mankind, though no proper publicity was given to it.

"I could hold in my hand a small cylinder of natural metallic uranium," said Trade Minister Howe in Parliament. "The cylinder I had prepared for this demonstration was about the size of the little jack-knife I now hold in my hand. We now know that if every bit of this very heavy metal could be turned into energy which theoretically it can be we could get the same quantity of power that could be developed by about 500,000 tons of coal or about the power we now get out of the large Shipshaw plant in one year."

"There is little doubt that some day we shall be able to fly to remote areas in one small aeroplane, more powerful power in the form of nuclear fuel than can be hauled today in a hundred railway coal cars," Mr. Howe emphasized. "One does not require an extraordinary imagination to envisage what that may mean to future developments."

Mr. Howe told Parliament that commercial atomic power is definitely not "just around the corner." But there are immediate dividends in connection with radio active isotopes and their use in medicine, biological research and industrial applications.

"In the treatment of disease," he stressed significantly "there is a future so hopeful that many believe the benefits from medical research alone will some day repay manifold all our considerable expenditures."

SAID IN THE CAPITAL

"I am not proposing any change in capital punishment at this time," Justice Minister Hsieh told the House of Commons commenting upon Britain's decision to make the death penalty applicable only to certain types of murder.

"We must give more to maintain our way of living," stressed G. Russell Boucher, MP, in an address here urging that "we must fortify ourselves to fight Communism" in Canada.

"We must and will take cognizance of the fact that no place on the globe is no more than 60 hours distant from any other spot and Canada is no longer a country of isolation," said Health and Welfare Minister Paul Martin.

"Don't forget the newspapers" admonished Harry Binks to a large convention of Rotary in this capital. "In your town they have a big influence. You should see to it that there are reporters at every meeting."

"The results indicate that imports from soft currency countries (Britain for example) have not been adversely affected by the emergency exchange conservation measures" declared Finance Minister Abbott here in reporting satisfactory progress in saving U.S. dollars by the Canadian Government's bans on imports.

"Such a proposed constitutional amendment would abolish the sovereignty of parliament in Canada," stated Senator L.M. Gouin in reference to suggestion of a change in the British North America Act to include a new "civil rights" section as proposed by the Canadian Committee for a Bill of Rights.

The man who is satisfied with but little here below often winds up with twice as less.
